PINWHEEL DISHCLOTH

Materials:

1 Ball dishcloth cotton

Straight needles.

I used size US 5 to achieve a nice firm stitch.

Abbreviations:

K – Knit

T – Turn

To start: Using invisible cast on - Cast on 17 stitches, start at R1 ending at R33. Start the next wedge at ***R2***. Knit 5 more wedges. Break yarn. Leave an ample amount of yarn to graft the 2 sides together.

Row 2 is the center of the dishcloth. You might want to mark it with a safety pin to keep your bearings.

Please Note

This is a free pattern. Make as many copies as you like. However, you may not reproduce this pattern in any publication, nor can you sell it for profit without prior permission from the author.

(The first wedge is done! Knit 5 more, beginning at ***R2*** and ending at R33.)

To finish: Remove the waste yarn from the first wedge and graft the last wedge to the first wedge, using the garter stitch graft method. To tighten the hole in the center, weave in the tail and pull in firmly.
